MITIGATION

Engineering

Play this card on ANY hazard!

WILD

ⓓ

CHANCE

Research

Flick a pretend light switch above your ear and say "ding!" Choose two cards from the discard pile and play 1.

ⓓ

CHANCE

Lose Power

Remove any **WILD** cards in play. Then act and sound out a robot losing power in the middle of making a movement and stay in that position until your next turn.

ⓓ

CHANCE

Teamwork

Do a group hug and/or team cheer. Then everyone plays one mitigation card immediately.

ⓓ

CHANCE

Not Prepared

Everyone discards their **WILD** cards while showing that they are sad (wah wah sound and/or gestures that show crying).

ⓓ

CHANCE

Early Warning

Sound out or gesture your best siren impression and flip over one of these matching hazards:

ⓓ

IMPORTANT: In the PDF Print box, be sure to select Actual Size, Print on both sides of paper, and Flip on short edge. See screenshot on Page 5.
