

Space Hazards Game – Letter to Families

Dear Family Member,

This Space Hazards game was created by PLANETS, a partnership between learning experts and planetary scientists to create fun educational activities about NASA science. PLANETS is funded by NASA and stands for Planetary Learning that Advances the Nexus of Engineering, Technology, and Science.

Age Range: This game is intended for kids 8-14 years to play independently. The bonus engineering is intended as a family activity.

Time needed: About 30 minutes for each activity

Print yourself:

- 1 deck of 61 cards
- 8 blank cards
- 1 fold-out game board
- Game instructions for 3 different levels
- Bonus instructions for engineering at home
