

Planets Science Series:

Remote Sensing of Mars

DATA PACKET

ACTIVITY 2

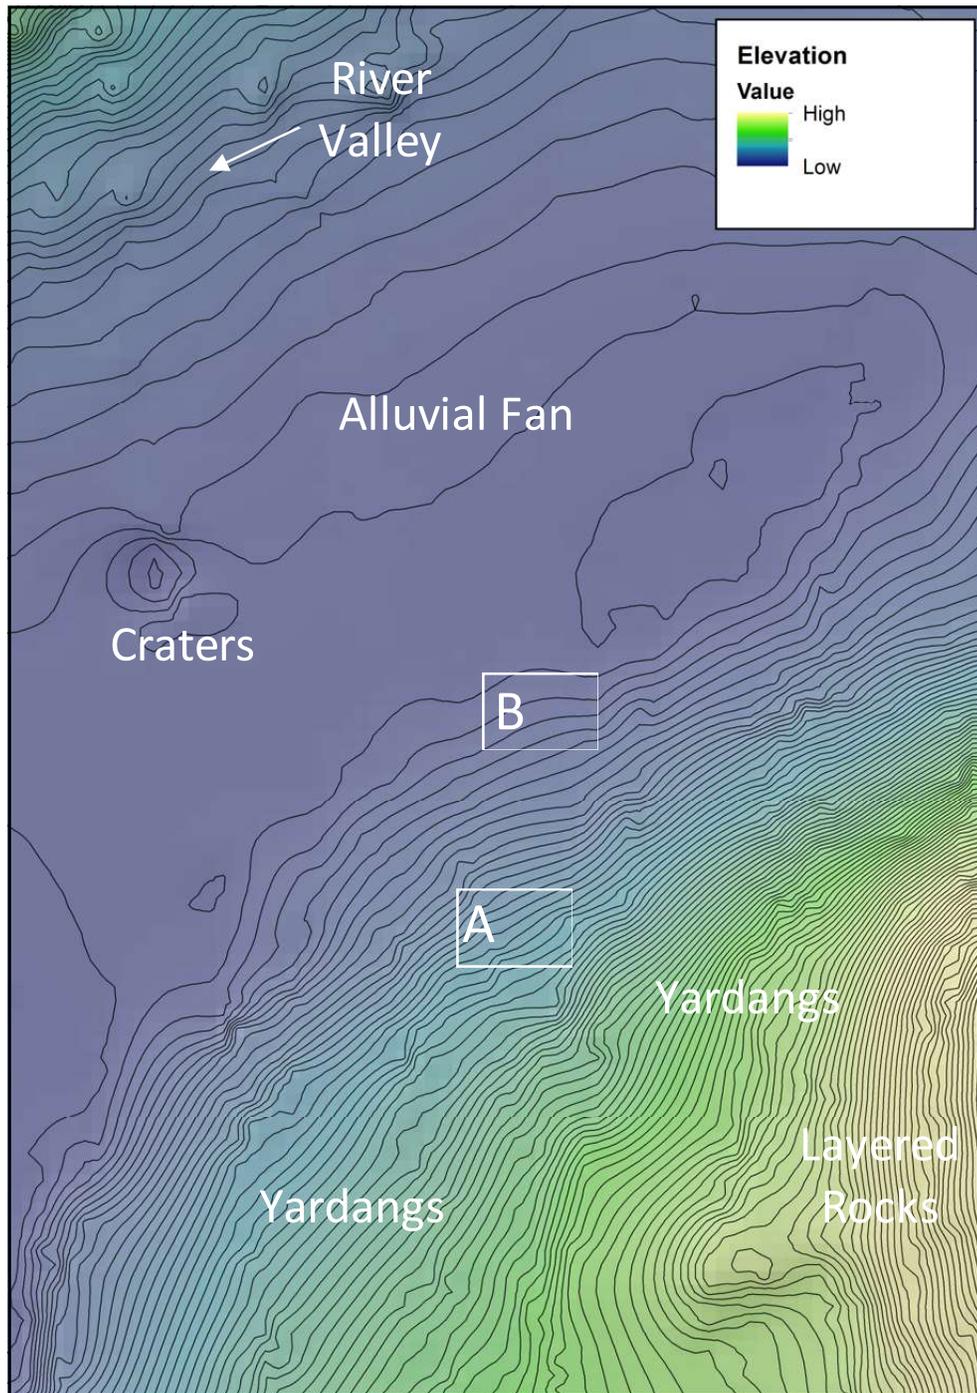

TOPOGRAPHIC DATA

GROUP:.....

DATA PACKET

Activity 2 Gale Crater: MOLA Topography

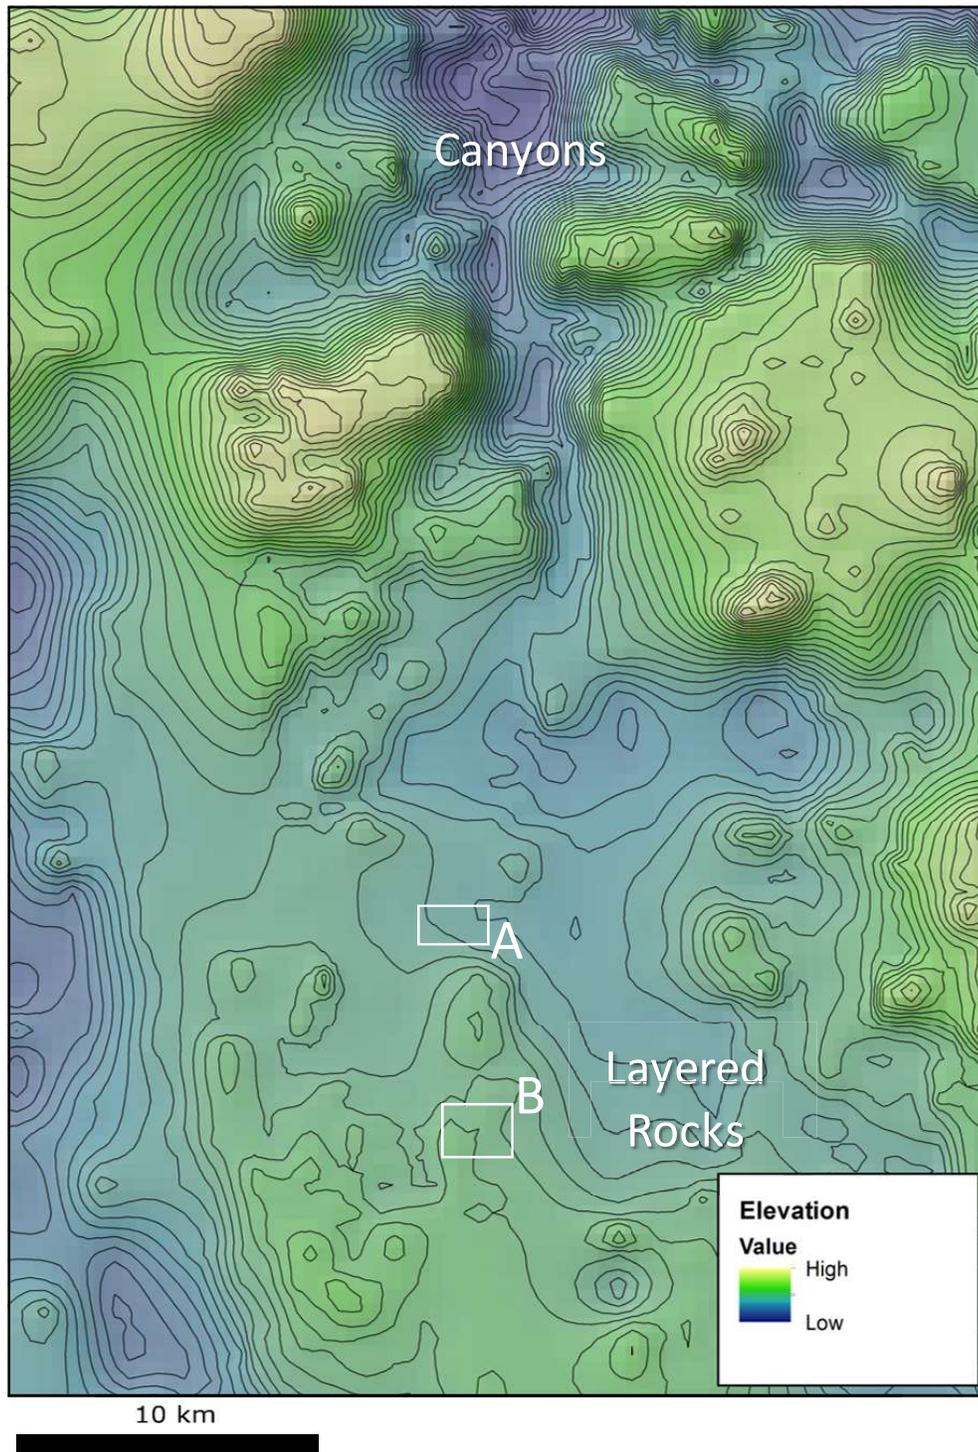

Color indicates elevation, and contours are spaced every 50 meters. Areas where contours are closer together have steeper slopes.

DATA PACKET

Activity 2 Iani Chaos: MOLA Topography

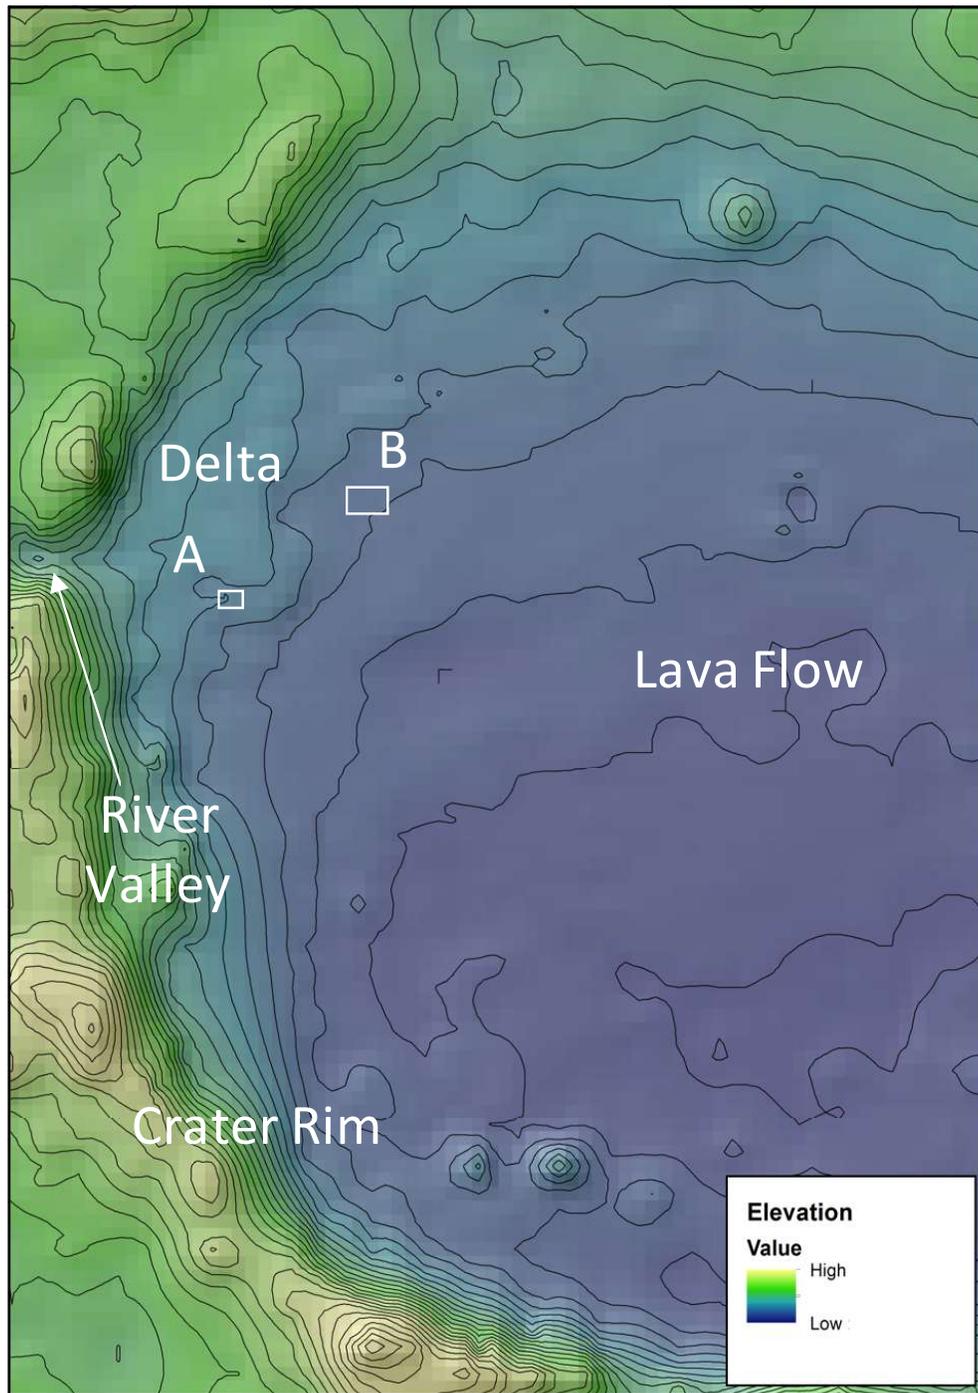

Color indicates elevation, and contours are spaced every 50 meters. Areas where contours are closer together have steeper slopes.

DATA PACKET

Activity 2 Jezero Crater: MOLA Topography

Color indicates elevation, and contours are spaced every 50 meters. Areas where contours are closer together have steeper slopes.

DATA PACKET

Activity 2 Nili Fossae: MOLA Topography

Color indicates elevation, and contours are spaced every 50 meters. Areas where contours are closer together have steeper slopes.
